Dear Professor Jan Awrejcewicz,

On behalf of the *Division of Natural Sciences Academic Works of Higher Education Press*, I would like to invite you as a member of the International Advisory Editors Board of the Book Series on "Nonlinear Physics Science", co-published by Higher Education Press and Springer-Verlag. For all the Editor members, the period of three years is as a service term. For mutual interests, this membership is renewable. In addition, according to the direction of books series, new members will be selected. Herein, I would like to warmly welcome you as an international advisory editor to serve this book series. From the editors' proposal, I would like to quote the responsibilities of the advisory editor member as follows.

- *The responsibilities for editorial members are to review book proposals in order to satisfy the standard of the book series, to recommend some established scientists to write books and, to contribute high quality books to this book series. to write book reviews for this book series.*

I look forward to working with you. In recognition of your contributions, China Higher Education Publishing will provide a copy of all books in series once published. If you need any help or assistance, could you please feel free to contact Professors Albert C.J. Luo and Nail Ibragimov or Ms. Liping Wang as enclosed.

With best wishes
