

**ICOVP, 13th International Conference on Vibration Problems
September, 11-15, 2017, IŞIK University, Istanbul, TURKEY**

Dear Prof. J. Awrejcewicz

I hope you and your family are fine, in good health and sprit.

I would like to start this letter by repeating my thanks to you for accepting to be a member of the Scientific Committee in our conference, ICOVP-2017.

The preparation of our conference, which will be held at IŞIK University during 11-15 September 2017 are going quite well, and our website appeared on internet since 1st of September and we started to accept paper submission since then.

We will very much appreciate if you please convey this information and conference details with your colleagues in your institute and encourage them to apply to the conference. I am sure your and your colleagues' contributions will increase the success of our conference.

I would like to express my thanks and gratitude.

With Kind Regards,

Prof.Dr.Esin İnan

The Chairperson

**ICOVP, 13th International Conference on Vibration Problems
September, 11-15, 2017, IŞIK University, Istanbul, TURKEY**

We are very happy to inform you that the 13th International Conference on Vibration Problems (ICOVP-2017), is going to be held in Işık University, Şile, İstanbul, Turkey, during 11– 15 September, 2017.

Since 1990, the ICOVP conference series brings together researchers investigating vibration-related problems in Science and Engineering, providing an international forum for this rapidly growing scientific domain. During the last twenty-four years, the ICOVP activities have been gaining momentum to meet the challenges of the twenty-first century, with reference to modern Engineering subjects, namely present-day high-technology industries with applications as broad as high-speed spacecraft, nuclear power plants, offshore, storage and high-rise structures, where vibration plays an important role.

Selected papers will be published as a special issue of a SCI journal "TWMS Journal of Applied and Engineering Mathematics" (TWMS J. of Apl. & Eng. Math.).

Istanbul is the only city in the world which is built on two continents; one arm rest in Asia, the other extends into Europe, and the Bosphorus divides the two. The city preserves the relics of three empires; the Roman, Byzantine and Ottomans.

The Venue is well connected by air from all over the world. The ICOVP Activity has been so well accepted in India, Turkey, Czech Republic, Russia and Lisbon Portugal.

Please visit <http://icovp17.isikun.edu.tr/information.html> for details and follow the instructions to be mentioned therein.

We are definitely looking forward to receiving your contribution to ICOVP-2017. It will be so nice of you if you kindly inform your students and colleagues who might be interested in attending the conference.

Looking forward to meeting you in September 2017 in Istanbul. I would like to request you to mark ICOVP-2017 dates in your Scientific Calendar.

Please accept my kindest regards,

Prof. Dr. Esin Inan
The Chairperson

Important Dates:

1	September 1, 2016	Start of extended abstract submissions
2	February 10, 2017	Last date for extended abstracts submission
3	April 13, 2017	Announcement of accepted abstracts
4	April 14, 2017	Last date of Mini-symposium submission
5	May 2, 2017	Last date of early registration
6	June 2, 2017	Full length paper submission
7	September 11-15, 2017	Conference
